

September 9, 2020

Dear Team Members,

This letter is to inform you that Bellaire at Devonshire has a COVID-19 positive case in our community. We are taking all the precautions recommended by the Center for Disease Control, the WV Department of Health & Human Resources, and the Putnam County Health Department. Recommendations will include COVID testing for our residents and team members. Testing will occur at Bellaire at Devonshire on Friday, September 11, 2020 from 8am to 12pm. Please see your supervisor for further details. We expect results to be available next week and we will keep you informed as we receive the information.

At this point, we will return to a “no visitation” rule. We understand this will be difficult on our residents, however, we feel keeping these essential measures in place will continue to keep our residents and team safe with the hope one day soon to ease back into our normal life.

Protocol for our community is still in place and we will continue to practice these safety measures:

1. Social distancing
2. Mask wearing
3. Screening process for all team members coming to work
4. No community dining
5. All residents are wearing a surgical/cloth mask while in public areas
6. Activities department is continuing one on one visits

We do recognize that family contact and involvement are essential during these times, and we will continue to do everything we can to keep our families and residents engaged. So we will continue to offer FaceTime visit or Go to Meetings to connect our residents to their loved ones.

A special thank you to all of the team members who are being so careful. Together we will see this through to the end.

If you have any questions at all, please talk to your supervisor or come to me directly.

Stay safe!

Charity Sayre, Executive Director
