

September 16, 2021

Dear Residents, Family Members, Loved Ones, and Team Members,

With the rise in COVID-19 cases in our local surrounding community, Bellaire at Devonshire remains outbreak free. We remain diligent in our infection control practices and continue to follow our COVID-19 Preparedness and Response Plan.

I am excited to announce that we had a successful COVID vaccination clinic Wednesday, September 15th. A total of 74 vaccination doses were administered to team members, Residents, and family members. A special “Thank you” to the team for making this clinic possible.

A friendly reminder that visitation is still by appointment only. Please call ahead and schedule your visit with the Concierge at the front desk. We continue to track appointments and require Covid screening, and masks for visitation. It is imperative that we all work together to keep our Residents healthy and safe.

I would like to announce the addition of 2 managers to our Bellaire at Devonshire team. Lisa Toms is a registered nurse (RN) and is the new Associate Director of Health and Wellness. She has been a RN for 9 years. Lisa has previous experience in intensive care, case management, Approved Medication Assistive Personnel RN (AMAP RN), and Mental Health. Lisa is a great asset to the Wellness Team. In addition, Kellie Hope will be joining our team Monday, September 20th as our new Memory Care Director. Kellie is a licensed Social Worker with over 20 years’ experience working with the Senior population. Kellie has previously been a Memory Care Director for a skilled nursing facility. Kellie will be a great addition to our Team. Welcome Lisa and Kellie.

As always please follow our Facebook page and subscribe to our text news blast by texting “Devonshire” to 855-906-2913. We appreciate your on-going support.

When we are Caring with H.E.A.R.T.[™], We are All Family!

Sincerely,

Jo Clare Hanshew, NHA
Executive Director
Bellaire at Devonshire
