

November 12, 2021

Dear Residents, Family Members, Loved Ones, and Team Members,

Bellaire at Devonshire remains outbreak-free. We remain diligent in our infection control practices and continue to follow our COVID-19 Preparedness and Response Plan.

I am excited to announce that we have hired a Director of Health and Wellness. April Bryant is a registered nurse (RN) and will be joining the Bellaire at Devonshire team on Monday, November 15, 2021. April has been a nurse for 24 years and has previous experience as a Director of Health and Wellness in Assisted Living as well as experience in home health and hospital settings. April will be a strong addition to our Team.

The holidays are fast approaching. Residents will have a traditional Thanksgiving dinner, however; due to COVID-19 restrictions from our local county health department and our state regulatory body we are unable to have a resident and family Thanksgiving dinner. Scheduled visitation is still permitted to two visitors per resident and residents may sign out to go out with family members. We do recommend residents wear masks outside of the community and practice social distancing. We are having a food drive for our local food pantry through November 19<sup>th</sup> if you would like to donate.

We are working diligently on planning holiday events for Christmas that residents and families will be able to enjoy. As plans progress, we will continue to keep you advised.

Thank you for your continued love and support. I will continue to keep you informed of any changes to our COVID-19 Community status and changes week to week in our visitation guidelines. Please call us at 304-760-5290 if you need additional information.

As always please follow our Facebook page and subscribe to our text news blast by testing "Devonshire" to 855-906-2913. We appreciate your ongoing support.

Sincerely,

Jo Clare Hanshew, NHA  
Executive Director, Bellaire at Devonshire
