

March 18, 2022

Dear Residents, Families, Loved Ones and Friends of Bellaire at Devonshire,

As of March 18<sup>th</sup>, 2022, there are 8 confirmed cases of COVID-19 by antigen testing within the community. Prior to this date, February 24<sup>th</sup>, 2022 was the last confirmed case. The cases are currently limited to three team members and five residents. A notification has been provided to residents' responsible parties with positive test results. All the affected individuals currently regularly reside or perform their assigned job duties in the memory care section of the community. All residents and onsite team members were immediately tested with antigen testing today. Community-wide PCR testing will take place early next week. The Putnam County health department has also been notified of all cases.

Group activities and communal dining have been suspended temporarily. Our community COVID-19 guidelines increase social distancing measures during times of high transmission occurring within the community. Once active cases are reduced, overall community transmission-based protocols will be lifted. Visitation and residents going out of the community will remain unaffected by the new outbreak. While it is not recommended, residents who are on transmission-based precautions can still receive visitors.

On March 17<sup>th</sup>, 2022, I was notified by April Bryant RN that she will be leaving Bellaire at Devonshire for future career opportunities outside of the community. Over the coming weeks, April will be available and providing care and wellness supervision for residents and families as normal. We are currently conducting an external candidate search, engaged with our nursing consultants, and will be taking additional steps to ensure all residents will continually have access and care from our wellness team. For any questions or concerns please contact the community directly.

We will continue to communicate any updates to our residents and loved ones, please text the word "Devonshire" to (855) 906-2913 to receive community updates via text message. If you have any questions or concerns, please feel free to contact me or any member of our Management Team.

Sincerely,

Tyler Holsclaw, Executive Director

Bellaire at Devonshire
